Guidance Notes on the Use of
the Standard Request for Application for Selection
of Individual Consultants (National)

These guidance notes have been prepared by the CPTU to assist a client in the preparation, using the Standard Request for Application (SRFA), for procurement of Individual Consultants (National). The Client should also refer to the Public Procurement Act 2006 (Act No 24 of 2006), and the Public Procurement Rules 2008, issued to supplement the Act available on CPTU's website: www.cptu.gov.bd/. All concerned are advised to refer to the aforementioned Act and Rules while participating in any selection process of consultants.

Individual Consultants shall be employed in accordance with Section 38 of the Public Procurement Act 2006 and Rule 112 & Rule 104(d) of the Public Procurement Rule 2008 for assignments for which the qualifications and experience of the individual are the overriding requirements and no team of staff and no additional professional support are required.

This document shall be used when a Procuring Entity (the Client) wishes to select an Individual Consultant (National) for **assignments for which the qualifications and experience of the individual are the overriding requirement**, for which remuneration is being determined on the basis of the time actually spent by the Consultant in carrying out the services.

Time-based Contracts are recommended when the Scope of the Services cannot be established with sufficient precision, or the duration and quantity of Services depends on variables that are beyond the control of the Consultant, or the output required of the consultants is difficult to assess.

Consultant's remuneration is based on (i) agreed unit rates for the Consultant multiplied by the actual time spent by him/her in executing the assignment, and (ii) reimbursable expenses using actual expenses and/or agreed unit prices. This type of Contract requires the Client to closely supervise consultants and to be involved in the daily execution of the assignment.

SRFA (PS4) has been designed to suit the particular needs of procurement within Bangladesh, and has four (4) Sections, of which **Section 1: Information to the Applicants and the Contract Agreement in Section 4 must not be altered or modified under any circumstances.**

The Client addresses its specific needs through the **Section 2: Terms of Reference (TOR)**. The way in which an Applicant expresses his/her interest is by completion and submission of the Application Forms in **Section 3.**

Guidance notes in brackets and italics are provided for both the Client and the Applicants and as such the Client should carefully decide what notes need to remain and what other guidance notes might be required to assist the Applicant in preparing its application submission; so as to minimize the inept Selection process.

SRFA (PS4), when properly completed will provide all the information that an Individual Consultant (National) needs in order to prepare and submit an application. This should provide a sound basis on which the Client can fairly, transparently and accurately carry out an evaluation process on the application submitted by the Individual Consultant.

SRFA(PS4) duly tailored may also be used for the purpose of Single Source Selection Method. The following briefly describes the Section of SRFA (PS4) and how a Client should use these when preparing a particular request for Applications.

Section 1: Information to the Applicants

This Section provides relevant information to help Consultants prepare their Applications. Information is also provided for submission, opening, and evaluation of Applications and on the award of Contract.

This Section also contains the criteria for selection of suitable Applicant
The text of the clauses in this section shall not be modified.

Section 2. Terms of Reference

This section defines clearly the Objectives, Goals, and Scope of the assignment, and provides background information (including a list of existing relevant studies and basic data) to enable the Individual Consultant to clearly understand the assignment. This section lists the Services and surveys that may be necessary to carry out the assignment and the expected outputs (for example, reports, data, maps, surveys); it also clearly defines the Client's and Consultants' respective responsibilities.

Section 3. Application Forms

This section provides the standard format that permits the requested information to be presented in a clear, precise and readily available manner and allows the Client to readily understand and evaluate Applications in accordance with the pre-disclosed criteria. The completed forms will indicate details of the Applicant's qualifications and experience best suited to the specific assignment.

Section 4. Contract Agreement Forms

The Form of Contract Agreement which, once completed and signed by the Client and the Consultant clearly defines the Client's and Consultants' respective responsibilities. The Annexes to the formal Contract include a Description of the Services, the Reporting Schedule and **Cost estimates** of Services.

- 7.3 In case of hand delivery, the Client, on request, shall provide the Applicant with a receipt.
- 7.4 The closing date for submission of Application is **06/03/2024** up to **3.00pm** Applications must be submitted within this deadline. Any Application received after the deadline for submission of Applications shall be declared late, and returned unopened to the Applicant.
- 7.5 Applications may be modified or substituted before the deadline for submission of Applications.
- 7.6 The Client may at its sole discretion, extend the deadline for submission of Applications.
- 7.7 At any time prior to the deadline for submission of Applications the client for any reason on its own initiative may revise the Request for Application Document by issuing an Addendum which shall form an integral part of the Document.

C. Evaluation of Applications

8. Evaluation of applications
- 8.1 Suitability of the Applicants shall be rated by evaluation on the basis of their academic background, relevant Working Experience and its adequacy for the assignment, knowledge of local conditions as well as language.
- 8.2 The points to be given under each of the evaluation Criteria are:

Criteria	Points	Remarks
• Educational Qualification	<i>25 points</i>	
• Relevant Working Experience and its adequacy for the assignment	<i>60 points</i>	
• Suitability considering age, skill (such as training, computer skills, proficiency in English and Bengali languages and others).	<i>10 points</i>	
Total points:	95 points	

8.3 Applicants thus given points as stated under Clause 8.2, not securing the minimum qualifying points 70 shall be considered disqualified.

8.4 Applications shall be evaluated by the PEC, who shall prepare a short-list of maximum seven (7) Applicants

8.5 The qualified short-listed Applicants as stated under Clause 8.4 shall be invited for an interview to test their aptitude and presentation by the PEC and shall be rated with five (5) points.

8.6 Points already secured by the Applicants in the evaluation as stated under Clause 8.5, shall be combined with the points obtained in the interview and a list of maximum three (3) most suitable Applicants ranked in order of merit (1-2-3) shall be prepared.

8.7 In pursuant to Rule 114 of the Public Procurement Rules 2008, there shall be no public opening of Applications.

8.8 The Client shall immediately after the deadline for submission of Application convene a meeting of the Proposal Opening Committee(POC)

- 9.1 The first-ranked Applicant stated under Clause 8.5 shall then be invited for negotiations, pursuant to Rule 122 of the Public Procurement Rule, 2008 at the address of the client.
 - 9.2 If this fails, negotiate with the second-ranked Applicant, and if this fails negotiate with the third-ranked Applicant, with the hope that successful negotiations are concluded
 - 9.3 During negotiations, the Client and the Applicant shall finalize the “Terms of Reference”, work schedule, logistics and reporting schedule etc. These documents shall then be incorporated into the Contract as Description of Services”
 - 9.4 The Financial negotiations will involve the remuneration and other reimbursable cost to be paid to the Applicant.
 - 9.5 Negotiations will conclude with a review of the draft Contract. To complete negotiations the Client and the Applicant will initial the agreed Contract

D. Award of Contract

10. Award of Contract
- 10.1 After completing negotiations and having received the approval to award the contract, the Client shall sign the Contract with the selected Applicant.
11. Debriefing
- 11.1 After signature of the Contract, the Client shall promptly notify other Applicants that they were unsuccessful.
 - 11.2 The Client shall promptly respond in writing to any unsuccessful Applicant who request the client in writing to explain on which grounds its application was not selected.
12. Commencement of Services
- 12.1 The applicant is expected to commence the assignment on **May'2024** at the location LGED HQ, **Dhaka**. The duration of the contract shall be **38 (Thirty Eight) Months** from the date of commencement.

Section 2. Terms of Reference

Government of the People's Republic of Bangladesh
Local Government Engineering Department
The Construction of Important Bridges on Rural Roads (Phase-II) project
Terms of Reference (ToR)
for
Foundation cum Geotechnical Engineer

Package No: CIB2-S-10

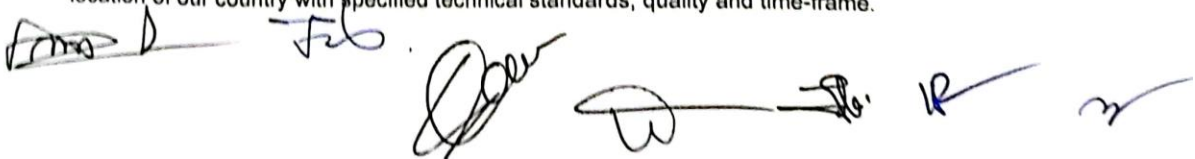

1. Background of the Assignment

The Construction of Important Bridges on Rural Roads (Phase-II) project has been prepared to improve the rural transport and trading networks in line with the strategy improvement of rural connectivity as well as socio-economic conditions of the rural people. Due to construction of the small and medium bridges in rural roads, subsequently uninterrupted accessibility demand has increased to construct the large bridges in the existing gap in comparatively in large rivers. In the last couple of years, the honorable local representatives have demanded to construct significant number of bridges. As a result, after completion of feasibility study of bridges over the third and fourth category of river included in this project. These bridges will be ensured the marketing facility of agricultural and industrial products reduce marketing cost, time and established sustainable development. The project has directly reduced the rural poverty and indirectly improve health facility specially reduced the mother/child mortality rate, increase the enrolment of children in the school and women empowerment. For this reason, the project has been prepared would establish safe communication network by construct the climate resilience infrastructure after completion of the Environmental Impact Assessment (EIA), Hydro-Morphology Study, and Economic Feasibility Study (EFS) to address the risks of disasters related consequences as well as vulnerability of climate change.

This is GoB funded project and a portion of the project fund will be utilized to employ Individual Consultant (Foundation cum Geotechnical Engineer) for Detail Engineering Design of PSC or RCC girder bridges (Including Preparation of Structural Design, Cost Estimate, BOQ, Technical Specification, Tender Document, etc.) of bridges in different districts of different Upazila's under CIBRR-2 Project.

2. Objective of Consultancy Services

The objective of the consultancy services under the Terms of Reference (ToR) is to prepare and assist the team of consultants and the Local Government Engineering Department (LGED) to Detail Engineering Design, Detailed Cost Estimate, Construct and Supervision of important bridges on rural roads at different location of our country with specified technical standards, quality and time-frame.

3. Scope of Work of Foundation cum Geotechnical Engineer

The Foundation Cum Geotechnical Engineer will work under the guidance of the Design Unit, LGED and the Project Director. He/she will be taken full responsibility for all aspects of Detail Engineering Design. He/She will be responsible and accountable for his/her works to the Project Director and the Superintending Engineer (Bridge Design), LGED. The responsibilities of the "Foundation cum Geotechnical Engineer" would be, but not limited to, the following: -

1. Preparation of Architectural and Detail Structural Design of Bridges with approach road, River training works (if required), Slope protection etc.;
2. Review of all available reports such as Hydro-Morphological Study, Sub-soil Investigation report, Topographic Survey report etc.;
3. Review and check the Architectural and Detail Structural Design of Bridges with approach road submitted by the design consultant firm;
4. Assist to Detail cost Estimate, Bill of Quantities;
5. Assist Preparation of quality assurance plan;
6. Assist to prepare Supervision Methodology for implementation works;
7. Perform any other works assigned by the Design Unit (Bridge Design) and project Director of the Project and Team Leader cum Senior Bridge Engineer of Consultant Team.

3.1 Preparation of Architectural and Detail Structural Design of Bridges with approach road, River training works (if required), Slope protection etc.;

3.1.1 General Requirement

Services are to be provided by experienced professionals utilizing sound engineering knowledge and practices in large bridge project. The Consultant may utilize engineering, traffic and other data provided by related previous studies and reports but the responsibility for the accuracy of the data and its analysis and for all findings and conclusions shall rest with the Consultants.

3.1.2 Design Criteria

Typical issues of design criteria / standards that should require considerations are listed below.

Sl. No.	Issues
1.	AASHTO LRFD, Latest Bridge Design Standard of LGED and BNBC
2.	Width standards, bridge carriageway, foot path (carriageway, paved shoulder, earth shoulder), Bridge super structure geometry as per planning commission latest guideline and direction
3.	Necessary Navigational Clearance with respect to updated river class category on the basis of BIWTA and other study data and direction given by the BIWTA, Prime minister direction through planning commission
4.	Hydro-Morphology Feasibility study & BWTA Data
5.	Environmental Impact Assessment (EIA) report

Handwritten signatures and initials in blue ink, including 'J.B.', 'S', and several other illegible marks.

Sl. No.	Issues
6.	LGED latest Road Design Standard and specifications
7.	Utility services
8.	Slopes and cross-falls
9.	Junction design
10.	Road/Bridge safety
11.	Traffic Diversion Plan
12.	River Training work
13.	Electrification work

3.1.3 Architectural Plan and Detailed Engineering Design

- I. Design criteria for the design of bridge and ancillary structures are to be furnished in detail.
- II. Detailed engineering design of the bridge and ancillary structures shall be prepared conforming to AASHTO specifications.
- III. Fixation of length of the structure, Lay out plan, span arrangement and selection of type of the structure:
- IV. Width and length of the bridge, carriage way, vertical and horizontal navigational clearance of the bridge, foundations and substructure should be in conformity with the international design standard and structural requirements.
- V. Due considerations should be given to aesthetics of the structures suited to the ambient environment and minimize the risks of disasters considering multiple hazards in the respective area and climate change consequences in bridge design life.
- VI. Before finalizing the structural design and setting final layout of bridge, the EIA report of Concern Bridge must be considered.
- VII. It is noted that before preparation of final design of all bridges, the consultant must submit the Draft Final design to the design unit of LGED for the purpose of Vetting.
- VIII. After receiving the concurrence of design unit of LGED and if any comments including change of any specifications shall be incorporated in Final design & Drawing.
- IX. In case of approach road alignment and design will be follow more accessible path to avoid the land acquisition, improve future connectivity and better benefit of the community without disturbing the bio-diversity.
- X. Approach road design will be LGED updated gazette Road standard.
- XI. Some structure may be required to design by the co-ordination with the RAJUK, BWDB, RHD, and BIWTA and also with their NOC.
- XII. The calculations made regarding the structural design should be included in the design report and both soft copy and hard copy of drawings handed over to the LGED, PD office for future record of documentations.
- XIII. All drawings should be prepared in A-3 sheets and printed in offset papers with hard cover page and binding etc. completely.

3.1.4 Detailed Engineering Drawings

The design shall yield a comprehensive set of detailed drawings suitable for tendering and actual execution of the project. The drawings shall be conveniently sized for construction site and shall be drawn to suitable

scales to provide clarity of comprehension. During the Preparation of Final Engineering Drawing, the aesthetic view of the bridge as well as the landscape of approach road must be considered and the Final Drawing of the bridge would be prepared on the basis of architectural point of view. Following detail structural design shall be submitted.

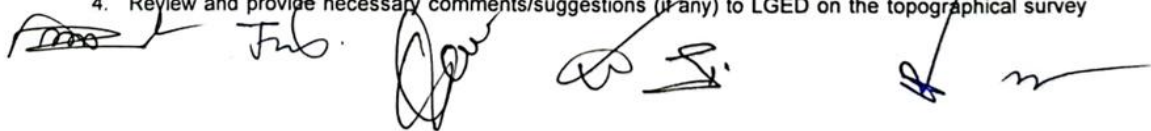

- Site Plan including proposed best suitable Bridge approaches with ancillary works.
- Bridge layout plan with benchmark references, boring and test pit location (Mention Global GPS Coordinate).
- Detail construction guideline and specification and any special design required for substructure or super structure construction.
- General view (Plan and Elevation) with necessary RLs and dimensions.
- Detail foundation and structural design of various parts of the bridge in accordance with hydro-morphological study report and Sub-soil Investigation report using suitable software.
- Detail Reinforcement drawings.
- Bar bending schedule.
- Details of all necessary bearings and Joints, protection work and river training work (if required).
- Utilities and any other features, which may be, deem necessary by the designer.
- Detail Electrical drawing of bridge.
- Detail slope protection work (Nature based solutions preferable).
- Road and Bridge Junction details with safety measures.
- Diversion road (if necessary).

3.1.5 Setting of bridge layout plan and pile points as well as river training work (if required), global (RTK) GPS coordinate

After completion of detailed design and drawings, final bridge layout shall be checked by the client, design consultant (and representative of design unit if required) jointly. Layout shall be established using global (RTK) GPS coordinate during layout setting in presence of qualified survey expert and other support staff of the consultant and necessary survey equipment shall be ensured by the consultant during the setting of bridge layout plan.

3.1.6 Other Relevant tasks

1. Prepare detail structural designs of the selected bridges particularly PSC girder bridges using standard software based on preliminary design upon acceptance of the Design Unit.
2. Assist the Project Director in review the Structural design of bridges, prepare modification design of bridges and or any of their components (if needed) based on the actual site condition and problems encouraged during construction.
3. Discuss with Design Unit and concerned Project Director for finalization of the preliminary design of selected bridges including the bridge alignment, length, geometry, hydraulic parameter, foundation type, protective works, approach road etc.
4. Review and provide necessary comments/suggestions (if any) to LGED on the topographical survey

- J. Review Hydro-morphological study reports and provide comment/suggestions to LGED (if any) for finalization of hydraulic parameters of the selected bridges by the concerned consultant.
6. Guide the AutoCAD operator to prepare working drawings; ensure preparing all details of critical sections at appropriate scale; print the drawings in A-3 sheets; verify drawings with the structural design; correct dimensions; reinforcement position etc. as necessary and submit it to the Project Director/Design Unit for approval.
 7. Assist and guide Estimator to prepare Detail Estimate of all works, Bill of quantities and technical specifications on the basis of LGED current rate schedule.

3.2 Review of all available reports

Review of all available study reports such as Hydro-Morphological Study report, Sub-soil Investigation report, Topographic Survey report etc. and suggest PD if any modification required.

4. Consultant's reporting obligations and deliverable submission

Output: a) Structural Design & Drawing (Detail Load Calculation) of bridge, river training work (if required) and approach road, protection work (if necessary). b) Electrical drawing, safety drawing etc. c) Cost Estimate of bridge, river training work and approach road etc. d) Setting layout plan of Bridge and river training work with RTK GPS coordinate.

Monthly Progress Report: The consultant shall submit a monthly progress report in brief and concise form using the approved format. The report will describe progress of activities planned for previous month along with plan for the next month. The report shall also state problems encountered, or problems anticipated together with steps taken or recommendations for their correction.

5. Duration of the Assignment

Duration of the assignment will be 60 (sixty) months. It is expected to commencement date of consultancy services from February 2023.

6. Required Qualification and Experience

Educational Qualification

- Minimum B. Sc in Civil Engineering from any Government accredited University.

Experience & adequacy for the assignment

- At least 15 (Fifteen) years of overall experiences, out of which 10 (Ten) years relevant experience in designing and supervision of Sub-structure of large PC/RCC Girder Bridge.
- Knowledge and practical experience in designing of PC girder bridges over large river and also experience in supervision of bridge construction works.

Other Competency

- Designing skill using Midas Civil will be given extra preference.
- Design expert in more than 100m bridges over river will be more preferable.

- Computer skill (Staad. Pro, Midas Civil, CSI Bridge, MS word, Excel, Power point, AutoCAD etc.),
- Training in relevant areas etc.

7. Institutional arrangements

The individual Consultant will work directly with the Project Director, Superintendent Engineer (Bridge Design), Design Unit and support the officials and staff of LGED at LGED district and Upazila in the project area, and at PMU LGED Headquarters, in order to achieve the objectives of the project. He/ She will be responsible for managing the team.

8. Related available Information, Logistics and Facilities provided by Client

LGED will provide office accommodation for the consultant. LGED may also provide necessary support staffs, Computer/Laptop, Printer and necessary consumables. Payments of which may be made from monthly payment as reimbursable item.:

8.1 Study Reports, Traffic and Technical Data

LGED will provide the Consultant with all available data as and when required.

- All relevant studies so far done related to the project;
- Design manuals, standard designs of structures & other infrastructures, PPR-2008, LGED's Unit Rate Analysis and Unit Rates etc.
- Topographical survey map & sub-soil investigation report of proposed Bridge.
- Contract documents including design, drawing, price BOQ, technical specification etc.
- Maps of the country and location of the structures;
- Cost data on recent construction projects; and any other report as available in LGED

9. Working station

The Consultant will be based at LGED H/Q, but he/she may have to stay at the construction site for a month or longer as needed to address urgent situations. He/she shall have to frequently visit the field activities as per requirement of LGED even in holidays as emergency. The duration may be extended if necessary. If the consultant wants to change the service for another project of LGED, he/she have to take prior approval from the PD during submission of RFA for another Project in LGED. Otherwise, 2(two) months remuneration and reimbursable amount will be forfeited.

Section 4. Contract Forms

The ***Contract Agreement***, which once completed and signed by the Client and the Consultant, clearly defines the Client's and Consultants' respective responsibilities.

4.1 Contract Agreement (Time-based)

THIS CONTRACT (“the Contract”) is entered into this day of [dd/mm/yy], by and between [insert name of Client] (“the Procuring Entity”) having its office at [insert address of Client], and [insert name of Consultant] (“the Consultant”) having his/her address at [insert address of Consultant].

WHEREAS, the Client wishes to have the Consultant performing the Services hereinafter referred to, and

WHEREAS, the Consultant is willing to perform these Services,

NOW THEREFORE THE PARTIES hereby agree as follows:

General

1. Services
 - 1.1 The Consultant shall perform the Services specified in Annex A (*Description of Services*), which are made an integral part of the Contract.
2. Duration
 - 2.1 **The Consultant shall perform the Services during the period commencing from [dd/mm/yy] and continuing until [dd/mm/yy], or any other period as may be subsequently agreed by the parties in writing.**
3. Corrupt, Fraudulent, Collusive or Coercive Practices
 - 3.1 The Government requires that Client , as well as Applicants, shall observe the highest standard of ethics during the implementation of procurement proceedings and the execution of Contracts under public funds.
 - 3.2 The Government defines corrupt, fraudulent, collusive or coercive practices, for the purposes of this provision, in the **Sub-Clause 3.5**
 - 3.3 Should any corrupt, fraudulent, collusive or coercive practice of any kind come to the knowledge of the Client, it shall, in the first place, allow the Applicant to provide an explanation and shall, take actions only when a satisfactory explanation is not received.
 - 3.4 If the Client at any time determines that the Applicant has, directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for, or in executing, a Contract under public funds., the Client shall:
 - (a) exclude the Applicant from participation in the procurement proceedings concerned or reject an Application for award; and
 - (b) declare the Applicant ineligible, either indefinitely or for a stated period of time, from participation in procurement proceedings under public funds.

3.5 The Government defines, for the purposes of this provision, the terms set forth below as follows:

“corrupt practice” means offering, giving or promising to give, receiving, or soliciting either directly or indirectly, to any officer or employee of a Client or other public or private authority or individual, a gratuity in any form; employment or any other thing or service of value as an inducement with respect to an act or decision or method followed by a Client in connection with a Procurement proceeding or Contract execution;

“fraudulent practice” means the misrepresentation or omission of facts in order to influence a decision to be taken in a Procurement proceeding or Contract execution;

“collusive practice” means a scheme or arrangement between two (2) or more Persons, with or without the knowledge of the Client, that is designed to arbitrarily reduce the number of Tenders submitted or fix Tender prices at artificial, non-competitive levels, thereby denying a Client the benefits of competitive price arising from genuine and open competition; or

“coercive practice” means harming or threatening to harm, directly or indirectly, Persons or their property to influence a decision to be taken in the Procurement proceeding or the execution of a Contract, and this will include creating obstructions in the normal submission process used for Tenders, Applications, Proposals or Quotations.
